INCIDENTS

Incident List

Cancel Incident

Draft or Reopened incidents can now be cancelled on the Incident List page using the 3-dot menu to the right of the incident and choosing *Cancel Incident*.

Any ePCR associated with the incident must be cancelled before the NFIRS incident report can be cancelled. A message will display if this is required.

The ePCRs attached to this incident must be canceled before canceling the incident.

OK

ADMIN BACK-OFFICE

Incident - Mutual Aid Agencies

State Filter

Mutual aid agencies can now be filtered by state to reduce FDID and name conflicts and help with finding the desired agency.

ADMIN BACK-OFFICE

Billing

Email Filter

You can now search for bills in Follow-Up Bill by all or part of an email address the bill was sent to.
